# INTERNSHIP OPPORTUNITY

## CLIMATE CHANGE MANAGEMENT & RISK MITIGATION AND PREVENTION IN ALPINE SPACE PROJECTS

### ABOUT AURA-EE

Auvergne-Rhône-Alpes Énergie Environnement (AURA-EE) is a regional agency serving all the territories undergoing energy and ecological transition in Auvergne-Rhône-Alpes.

Its areas of intervention are climate change, renewable energies, energy efficiency strategies in buildings, sustainable mobility, waste and the circular economy, sustainable public procurement, new economic models and societal innovation.

The agency carries out three types of actions:

- it provides data, analyses and transition scenarios;
- it offers technical, financial and regulatory expertise on the various subjects;
- it initiates, develops and supports projects and sectors.

AURA-EE is a technical operator of the Region, involved and recognized at the national and European levels, and is mainly financed by the Region, ADEME, the European Union and its members.

### INTERNSHIP DESCRIPTION

#### Context

The Climate and Territorial Division of the Regional Energy and Environmental Agency of Auvergne-Rhône-Alpes provides advice and moderation on adaptation to climate change and the relationship with the biosphere. It participates in the dissemination of knowledge and capacity building of municipalities to adapt their territories to the effects of climate change and achieve carbon neutrality in the region.

For the past 3 years we've been working with Interreg Volunteer Youth. This European initiative offers the possibility to young people aged 18-30 to serve as volunteers in cross-border, transnational or interregional programmes and related projects.

This internship will be possible thanks to the participation of AURA-EE in the Interreg Alpine Space Projects ADAPTNOW and X-Risk, only recently launched. You will have the opportunity to work with national and European experts like: INRAE, IRMA, PARN, EURAC and other Research centers across the Alps.

The internship will consist in:

- Participating in the technical activities of both projects: research on legal environmental and urban context, risk mitigation and prevention in the Alps, etc.
- Helping in launching the European project at regional level
- Participate in the organization regional and international events in the framework of these projects
- Participate in the promotion of both projects online

## THE CANDIDATE WE'RE LOOKING FOR:

- Studies in Geography and Land Planning, Adaptation to Climate Change, Risk Mitigation or equivalent
- Knowledge in environmental and urban law would be a plus
- Knowledge in risk mitigation and prevention would be a plus
- Must be proficient in written and spoken French and English

## OTHER INFORMATION

- Hybrid work from home and offices based in Villeurbanne

### **Selection procedure**

- Send a CV and a letter of motivation in English to Rogelio Bonilla (see below)
- Selected candidates will be asked on an interview

**Location:** Villeurbanne, Office of the Auvergne-Rhône-Alpes Energy and Environment Agency

**Duration:** 6 months from February to July

**Compensation:** based on Interreg Volunteer Youth Chart + restaurant Vouchers, Public Transport Reimbursed

### **If you wish to apply:**

Send a Cover Letter and a CV to [rogelio.bonilla@auvergnerhonealpes-ee.fr](mailto:rogelio.bonilla@auvergnerhonealpes-ee.fr)
